Glorietta Improvement Group Grapples With Roads-and-Bond 'Mystery' Puzzler

Glorietta Improvement Association this week was grappling with a "mystery story" which may not have the elements of "grue" ordinarily associated with a good "whodunit" — but which has its own facets of fascinataion.

The "mystery" could be entitled "Those Roads in Glorietta. — or, What Happened to That $2000 Bond of 1937?"

But George L. Courtney of 25 Woodcrest Drive, who brought the matter to the attention of the Orinda Association's Civic Affairs Committee, didn't pose as a mystery-narrator. He merely recited certain chronological happenings, with the result that Civic Affairs referred the problem to the Glorietta Improvement Association.

WITH SOME INCIDENTAL "adlibbing," Courtney, appearing personally before a recent Civic Affairs session, submitted a letter from him regarding the "Glorietta Unit No. 1 Street Bond." Major portion of the letter follows:

"This subdivision was put on by the Moraga Land Company in 1937 under authority and approval of Board of Supervisors, with the agreement that the roads would be accepted and maintened by the county. The roads are portions of Glorietta Boulevard, Irvine Drive and Woodcrest Drive, and all of Moraga Via, Virginia Drive, Idyll Court, Abbott Court, Rustic Court and Rustic Way.

"At the time of putting on the tract, the Moraga Land Company posted a $2000 bond to guarantee that the roads would be acceptable to the county. The road work was done in 1937 but the Moraga Land Company overlooked having the county accept them and they also overlooked pulling down their bond.

"In 1945, when real estate began to move in the Glorietta Valley, the streets, which had been pretty well worn in the intervening nine years, were repaved, and the county asked to formally accept them. When the county got around to looking them over, they found that in some instances the repaving had only been done to a width of 18 feet instead of the necessary 20 feet. But the Moraga Land Company, having done the work twice, has refused to do anything further in the matter.

"All the streets feed into Moraga Via, which runs over the hill from Glorietta to Irvine Drive, and it is the main concern of property owners at this time. All the streets have been torn up by the water company, gas company and sanitary district. Moraga Via is heavily traveled by the delivery man, sight-seers and is also main mail delivery street for the district.

"On March 25, 1949, at request of property owners, the writer called attention of Supervisor Cummings to the street situation. On May 2 the Board of Supervisors passed a resolution referring the matter to Supervisor Cummings and Roadmaster Barkley. Under the date of August 27, 1949, we received a letter from Supervisor Cummings to the effect that he and an engineer inspected the property but due to the streets never having been accepted, property owners would have to take care of repairs.

"The writer subsequently went to Martinez and talked with Mr. Barkley's assistant, who likewise expressed regrets, but in addition pointed out that under a resolution passed by the Board of Supervisors on August 23, 1940, streets which had an assessed valuation of $20,000.00 within 1000 feet could be accepted by the county. Moraga Via could qualify under that section, as it had an assessed value of $26,365 in September of 1949.

"A PETITION WAS circulated among the residents making up the required valuation on Moraga Via, and another petition circulated among all the property owners of the subdivision requesting that the county take over the streets as agreed in 1937. The two petitions were sent Supervisor Cummings on September 22, 1949, and were acknowledged by the clerk of the board. However, two years have now elapsed and nothing has been done.

"Supervisor Cummings in his letter of August 27, 1949 tendering his regrets stated in part:

"'I regret that we are unable to help you but in our job we must work according to law : : :'

"This is what we are asking your assistance in having Mr. Cummings do. The $2000 bond was posted in 1937 to guarantee that the streets would be done in a manner to be accepted as county roads.

"UNDER THE CIVIL Code it is the duty of the county to declare the bond forfeited ,accept the work as done and complete that portion undone, or not done to enable the county to accept the roads. The whole matter is governed by the law and county ordinances existing at time of posting the bond.

"The county took over Glorietta Boulevard as it existed, so why not the balance of the roads in the subdivision?

"On behalf of the property owners and the general public who use the roads, particularly Moraga Via, it is respectfully requested that the Civic Affairs Committee undertake to have the Board of Supervisors act in the matter."

Road Bond Request Referred to Breed

Referred by the Orinda Association's board to Horace Breed, association vice-president, so that he can take the matter up with the Diablo Highway Improvement Federation, is a "feeler" request about a possible $5,000,000 to $8,000,000 county road bond issue.

The request is in the form of a letter from the Contra Costa Development Association, and asks (1) if the Orinda Association believes the people of the community would approve such a bond issue and (2) if the Orinda Association would support it.

At the September 24 meeting of the Orinda Association board the letter was read and was referred to Breed, who is the association's representative on the board of the Diablo Highway Improvement Federation.

Here Is an Eye Witness Report On Clean Up Job

By PEG KALBFLEISCH
Scribe, Troop 45

It was planned that the girl-scouts of Troop 45 should clean up the vacant lot next to Black's market in Orinda last Saturday morning.

Seven girls came—Betty Damoulos, Margaret Klinkner, Kyla Houston, Rosemary Thrane, Denise Rouch, Ann Rapport and Peggy Kalbfleisch.

We found that we needed rakes, hoes and shovels for our use and for the picture to be taken. We did not want to delay the photographer so we borrowed some from the Orinda Hardware. After the picture was taken, we found ourselves surrounded by rubbish. Our leaders went home for the equipment we needed while we returned the tools to the hardware store.

At last we began. We worked hard but it would have been better if we had had more girls and if the papers had not been so soggy from the drizzle the previous night.

Because of this it was hard to get good results. We worked two hours and filled seven huge boxes. We did not finish as much as we would have liked to, but we hope other good citizens will complete the job we started.

We would appreciate it if everyone would help to clean up Orinda and to keep it clean.

The Winnahs!—That Big 'Race' Finishes Today

With their eyes literally "glued" to the race tracks at the Orinda and Glorietta schools, the students in Mr. Lambert's eighth grade Orinda class and in Mrs. Anderson's sixth grade Glorietta class found themselves tied for first place September 27 in the race for 100 per cent membership of their parents in the Orinda Mothers Club.

Both classes will be awarded a prize of $5 for being the first in their schools to reach the goal of all students' parents joining Mothers Club, according to Mrs. Berton Kohler, chairman of Orinda school membership, and Mrs. Thomas Cooper, chairman of Glorietta School membership.

Already past the finish line of 100 per cent in the race in the Glorietta School early this week were Mr. McNichol's combined 5th and 6th grade. Mrs. Colling's 4th grade, Miss Parker's 2nd grade, Miss Seifker's third grade and Mrs. Kops' fourth grade. They will all be awarded a prize of $3.

Of the 14 classes at the Glorietta School, engine trouble has slowed Mr. Murphy's 7th grade down to an 88 per cent total, the lowest in the school.

Past the checkered $3 flag at the Orinda School the first of this week were Mrs. O'Niell's afternoon first grade and Mrs. Givens' sixth grade classes. Close on their exhaust pipes were Miss Lamborn's first grade with 97 per cent, Mr. Komer's eighth grade with 94 per cent, Miss Tighe's seventh grade with 91 per cent, Miss Hollis' fifth grade with 93 per cent and Miss Dodd's third grade with 92 per cent.

The membership drive ends today.

New Fire Pumper In Station No. 2

With delivery of one of two new pieces, Orinda's Fire Station 2 at Moraga Highway and Orchard Road this week had its full complement of fire-fighting equipment.

A small high-pressure pumper was delivered last Saturday by Coast Manufacturers of Concord, according to Chief H. E. Wyatt. When this truck arrived, a truck which had temporarily been housed at the new station was transferred back to Station 1 in the Village.

A second truck, sent from the main station when the new fire house was opened several weeks ago, is also at Station 2.

Expected to be delivered late this week, according to the chief, is a 1000-gallon pumper, also from Coast Manufacturers. This large piece will be placed in the No. 1 station.

$8.57 Tax Rate Evokes Orindans' Groans, Whistles

Members of the Civic Affairs Committee of the Orinda Association are mulling over some tax statistics presented by Chairman Zach Montgomery, and the subject is slated as a main point for the group's next meeting October 15.

Montgomery read a list of figures he obtained from the county auditor's office showing that the total individual tax bill for most Orinda taxpayers this fiscal year will be $8.572 per $100 assessed valuation.

THAT FIGURE, about $1 more than last year's tax bill, elicited groans and whistles from Civic Affairs delegates recently, despite Montgomery's observation that the basic county tax rate is six cents less than last year.

"We're going to have to force economies in the operation of various tax districts, especially in the Orinda area," Montgomery said. "We've come to the point where we have to go over future expenditures and bond issues, to see where economies can be effected."

After stating that the assessed valuation of the Orinda Fire and School Districts is $7,064,565, Montgomery listed the following tax rates:

BASIC COUNTY TAX, $2.42; Orinda School District, $1.50; Orinda School District bonds, $ .358; Acalanes High School District, $1.35 $1.352; Acalanes High School District bonds, $ .383; old Richmond High School bonds, $ .027; Contra Costa Junior College District, $ .356. — Base rate $6.396.

East Bay Municipal Utility District, $ .29; Mosquito Abatement District, $ .028; Orinda Fire District, $1.073; Orinda Fire District bonds, $ .024; Central Contra Costa Sanitary District, $.40; Sanitary District bonds, $ .273; old Orinda Water District bonds, $ .088.

Total tax bill — $8.572.

The 30-year-old mother of two young daughters exclaimed, "I think it's wonderful when informed she is the SUN's candidate.

WHATEVER THE FINAL outcome of the contest, there's no doubt that four-and-a-half-year-old Vicki and one-year-old Barrie consider Mom "tops."

Rifle Matches, Tree Planting Among Activities Planned for Explorer Post

After returning from a very rugged and successful summer wilderness trip into the Kings Canyon area, Explorer Post 300 is now started on its Fall program.

Two Saturday "work parties" were held recently at Camp Hampton, and the post rifle range is just about ready for use. It is anticipated that competitive matches will be started soon with some of the other posts in the Diablo District.

A business meeting was held September 19, when the Fall and Winter program was planned. Activities scheduled include a steelhead fishing trip, a canoe trip, a social function—probably a dance or a beach party—and a ski trip.

A new staff of officers for the Post Junior N.R.A. Rifle Club was elected at this meeting. These are Executive Officer Joe Conley, President Bob Harrison, Vice-President Norm Tuttle, and Secretary-Treasurer Charlie Kops. The rifle program is under the leadership of Assistant Post Advisor Julian Unruh.

Another post activity, scheduled for next Spring, is full cooperation with the Orinda Association's proposed tree planting project. It was decided to start a post tree nursery and grow planting stock which can be used for out-planting in the Orinda hills.

The Explorers will be assisted in this program by Rudy Grah, extension forester for the State of California, who lives in Sleepy Hollow.

The post has had considerable tree planting experience, having cooperated with the East Bay Municipal Utility District in planting Monterey pines on the San Pablo Dam watershed last Spring.

Explorers who made the Kings Canyon trip were Joe and John Conley, Dick Rogers, Don Reid, Bob Harrison, Norm Tuttle, John Spiegl, John Davey, Dave Pilcher, Dick Doty and Chuck Gompertz.

The trip was under the leadership of Dr. Ralph Hall, post advisor, who was assisted by Assistant Post Advisor Bob Harrison and Abe Doty and Ernie Spiegl.

Funeral services were held last Friday at the Grant D. Miller chapel in Oakland for five-year-old Kathleen Sullivan, daughter of Mr. and Mrs. Arthur Sullivan of 11 Valley View Drive, who was killed in a freak auto accident September 26. Interment followed at Hayward cemetery.

Kathleen was riding with her grandfather, William Russell, 72, on Broadway in Oakland, about a half-mile west of the Tunnel. Russell told Oakland police that the girl, after complaining of a draft, had tried to close the right rear window and, apparently losing her balance, had fallen out.

She was rushed to Permanente Hospital, where she died an hour later.

School Trustees To Conduct $1.75 Tax Limit Vote

Election on a proposed tax limit of $1.75 per $100 assessed valuation for a seven-year period will be held either this Fall or early next year, it was decided by the Orinda School Board Monday night.

Meeting at Orinda Grammar School, trustees voted to hold such an election in the district. Uncertainty of the date, it was explained by Superintendent of Schools Joseph L. Sheaff, is due to changes in the state law.

It was decided to seek clarification regarding the new law's requirements on the waiting period between publication of notices and the holding of an election.

THE PRESENT TAX LIMIT of $1.50 — which is also this fiscal year's actual tax rate — expires June 30, 1952. It was approved by the voters in 1947 for a five-year period.

If authorized by the voters, the $1.75 tax limit, which would not necessarily be the actual tax rate for any given fiscal year, would take effect July 1, 1952.

Board members pointed out that additional funds are needed to help finance the district's urgently required building expansion program.

PLANS AND SPECIFICATIONS for the projected new grammar school in Sleepy Hollow, at the west end of Washington Lane, will be gone over by the board next Monday night in a special meeting with Architect Jack Buchter and Engineers Bob Grady and Bob Dewell.

This special meeting will be held at 8 p. m. at the Orinda School. Decision to hold the session was made at the regular board meeting, according to Mrs. J. H. Schwarck, board clerk.

Sheaff reported that as of Monday student enrollment in the district was 1207 — 644 at Orinda School and 563 at Glorietta.

Planners Okay Small Lot Sizes For Teiche Tract

Despite objections raised last week, the County Planning Commission Tuesday night recommended that the Board of Supervisors grant the application of Boies and Soule for a proposed subdivision of seven lots of less than a half-acre each in the Teiche property northeast of the main portion of Orinda Park Terrace.

According to Planning Assistant John Marin, no objections were raised at the planners' session. However, when the matter first came up last week, William Penn Mott, Jr., representing nine families in the area, stated that approval would break down zoning restrictions and would set a precedent.

At that session, Attorney George Gordon of Martinez, representing Boies and Soule, said that other lots in the area were already less than the half-acre requirement for an R-A zone. He claimed the Teiche tract would not attract persons desiring half-acre properties.

As recommended by the Planning Commission, three lots would be of less than 100-foot width.

Poker Control Dies A-Borning In County Board

A move to have a county ordinance drawn up to control draw poker parlors by licensing failed Monday when the Board of Supervisors refused to ask such action, despite Chairman H. L. (Jack) Cummings' request.

Pointing out that he had requests from this area for regulation of draw poker establishments, Cummings, who is supervisor from this district, asked for a motion to be made calling for the district attorney's office to draw up a licensing ordinance. As board chairman, Cummings cannot make a motion.

HOWEVER, NONE of the other four members offered the motion. Instead, each of them expressed reasons for not desiring a licensing law for the unincorporated sections of the county.

Cummings explained that the reason he had not sought the action at last week's board meeting was that Supervisor Ivan T. Goyak was not present then, and that he felt the matter to be important enough to warrant the presence of the full board, particularly because Goyak had considerable unincorporated area in his district.

When no motion was forthcoming, Cummings turned the chair over to Supervisor Ray Taylor, and made the motion himself. However, there was no second—and the matter died.

DURING THE DISCUSSION, Supervisor W. G. Buchanan of Pittsburg stated he had received no requests for regulation of poker clubs, and added:

"Until I do I would not entertain any motion to place licensing in the hands of the county. I already have stated my belief that if residents of Orinda and Lafayette wish to regulate such clubs they should request their state senator and assemblyman to seek repeal of the present law which legalizes draw poker."

Supervisors Goyak of Richmond and Taylor of Martinez also said they had received no requests for legislation on poker parlors.

Supervisor Jacob Frederickson of Antioch said that Orinda and Lafayette should incorporate if they wish to control draw poker clubs.

CUMMINGS THIS WEEK expressed strong objection to recent reports in the SUN, which he described as giving the impression that he was not whole-heartedly trying to get a control ordinance drawn up, as asked by Lafayette and Orinda groups.

Referring to his and Supervisor Taylor's meeting with area leaders at Lafayette Town Hall September 12, Cummings declared he had discussed the problem with them "straightforwardly and honestly." He particularly objected to a "Politicus" article which told of a "bull session" at a private home following the meeting.

"I resent insinuations that I am not playing fair with the people," he said. "I told the group at Town Hall that I did not think poker clubs belonged in Lafayette."

Mrs. Vurek New Member of Board

President Kirk Miles of the Orinda Association announced this week that Mrs. George Vurek has agreed to serve as a director of the organization for the remainder of 1951.

Mrs. Vurek, who was secretary of the Civic Affairs Committee last year and who now is program chairman of the Orinda High School Mothers Club, will take the place of Mrs. Thomas N. St. Hill, who resigned from the board last week because of health and pressure of other activities.

Another new director for the remainder of this year is Joseph D. De Costa, president of the Sleepy Hollow Improvement Association.

Joan Hughett, Clayton M. Hansen Plan Nuptial Ceremony in April

Tentative plans for an April wedding are being made by Joan Hughett, daughter of Mr. and Mrs Earl F. Hughett of 4 Northwood Court, and Clayton M. Hansen, son of Mr. and Mrs. Clarence A. Hansen of Oakland.

Engagement of the couple was announced to nearly 100 at a tea September 22 at the home of Mr. and Mrs. Ray C. Trenery, close friends of Joan, at 9 Northwood Court.

The betrothed pair received the guests in front of the fireplace, on the mantel of which was a large floral heart, with a cupid's arrow and a pink satin ribbon. The names "Joan" and "Kaite" (Clayton's nickname) were on the floral piece.

Little engraved cards telling of the engagement were given the guests by Joan's 11-year-old cousin, Susan Knight of Sacramento. Portraying a miniature couple in gold, standing on a heart and kissing, the cards bore the date, "September 22, 1951."

Serving at the tea were Shirley Daniels and Nacie Tinkham of Orinda, Joan McCrum of Lafayette and a cousin of Joan's, Eberle Jane Knight of Sacramento. Two of Joan's aunts—Mrs. Earl L. Knight of Sacramento and Mrs. Samuel H. Wagener of Oakland—poured at the tea table.

Joan graduated last june from Acalanes High School and is now enrolled at the University of California. Her fiance studied for two years at San Jose State College prior to joining the Army Air Corps in World War II. He is now an automobile salesman in Oakland.

Tornlofs Now On Honeymoon

An apartment on Athol Avenue will be awaiting the new Mr. and Mrs. Albert Tornlof when they return from their honeymoon in the South. The groom, son of Mr. and Mrs. Albert Tornlof of San Francisco, claimed Joan Foley, daughter of Mr. and Mrs. Edwin R. Foley, as his bride at mid-September rites at Santa Maria Church. Following the ceremony at which the Rev. Thomas Schahill officiated, a reception was held in the Spanish lounge of Orinda Country Club.

White lace over satin was worn by the bride, with matching lace mitts and a pearl trimmed satin cap which held her sheer veil. She carried a prayer book and white orcids, lily of the valley and stephanotis.

Blue-gray lace dresses were worn by Bridesmaids Joan Hedemark of Orinda and Joan Pelletier of Oakland. Their French bouquets were of fuchias and gladioli,, and they wore half-halos of flowers in their hair.

William Sigrist was best man and Richard Davis was usher.

Susan's Back Home Left Tonsils There

Susan Moore returned home last weekend from the Childrens' Hospital in Oakland where she had undergone a tonsilectomy.

Susan is the daughter of Mr. and Mrs. Carlton Moore of Camino Encinas in Orinda.

About Our Happy Country Folk

By EDITH BOLMAN

THOSE CAPTIVATING CAMPS are back on the home hillside again and have given us so much interesting "dope," that we can't even pronounce, on their activities of the summer that we are just about to bust with erudition.

Just how much do you know about Musical Anthropology? Or by chance, in your more imaginative moments, do you fancy yourself to be a Musicologist?

We are more the player-piano type ourselves but anyway this all has to do with Chuck—oldest member of the second flight in the Charles Camp family of Haciendas Road. He is now in the Merchant Marine, and has gone through the Panama Canal twice, and is preparing to enter the University of Indiana in order to study for his doctor's degree in Musical Anthropology.

"And just exactly what, for instance, might that be?" asked we. That it seems, is the study of primitive and ancient peoples and civilization through their music.

He became interested in pursuing this phase of anthropology when he was in Africa taking recordings of African music, records which are now in the files of the University of California — that was when he was a musicologist — and now — inasmuch as we are going hog-wild on words — we would like to throw in the thought of our own that the whole thing is quite revelatory.

The Camps with Roddy and Patsey spent a good part of the summer with Mrs. Camp's brother, Major Ross Mac Leod, at the San Marcos Trout Club at Santa Barbara, while Nancy (runner-up in the second flight) was working at Tahoe. Dr. Camp spent his Bay Area moments in Berkeley with Colonel and Mrs. Collins, busily working on his book. Their home was occupied by the Howard Youngs of Berkeley.

On their way home the Camps visited our old Orinda chums the Stuart Tompkins at their idyllic spot on the Stanislaus River, where they barbecued steaks, swam and sat on the beach to watch the moon.

Mrs. Charles Nelson and children Dave, Kip and Joy are just back from a five weeks' visit with Mrs. Nelson's mother and father, Mr. and Mrs. Chauncey Boyd Heath, in New England.

One cause for celebration was the Heaths' 40th wedding anniversary, with all children and grandchildren assembled at one table. Mrs. Nelson's father, sister and sister-in-law added special luster to the occasion by all winning places in separate golf tournaments.

Mrs. Nelson fascinated us with stories about the Amish sect of the Pennsylvania Dutch who lead lives completely unlike their fellow men of different sects in the rest of our vast country.

The women, from the time they are born until they die, wear identical costumes. The men also dress alike except for the fact that when they are about to marry they grow beards. No buttons — because buttons are too worldly — true Dutch hair cuts on all men and boys — school goes on only when there is no farm work to be done — all clothes are home made and are black and white except for brilliant colored shirts worn by the men — and equally colorful dresses worn by the women.

They are opposed to automobiles and navigate in horse-drawn buggies but are very progressive with their farming. How interesting to observe that in this country of ours people can live practically any old way they want to.

FOOLISH GUESTS and serious gifts! No, we must be a little mixed up—serious guests and foolish gifts—well that can't be right either because nobody was serious and everybody had a gay time at a dinner party recently given by the Beach Deans on Dias Dorados for Fred Seulberger on his birthday. A gathering of old college chums celebrated with Mr. and Mrs. Seulberger.

Newcomers to Orinda: Mr. and Mrs. Robert Lewis and their sons Peter, Michael and Dick have moved into their new home on La Noria, from Oakland.

The Frank Wrights with Margaret and Jean enjoyed a wonderful three weeks at Alisol Ranch where they were joined by Mrs. Wright's mother, Mrs. Samuel Havens of Chicago.

The ranch, it appears, is a real working establishment and has only taken guests the last few years. It was an early Spanish land grant to the Carillo family (Leo) and its history is recorded in the Santa Inez Mission.

The Wrights were Fiesta-minded, too. The first Fiesta was at Solvang which is an entirely Danish city. The old style architecture and foreign tongue made them feel as though they were in Denmark, and because of the Fiesta there was dancing in the streets and exhibitions of handicrafts such as saddlery, wrought iron, hand weaving and, of course, pastry.

The second Fiesta was the one at Santa Barbara, which is always colorful.

MORE ABOUT OLD and historic California. The Edward Shueys and their three children took two educative sprees while they were staying at Tahoe recently. One to Virginia City and one to Carson City.

The latter, it seems, has a most informative museum under which has been built a sample mine, complete with figures doing the work as it was done in the early mining days. They went there at the suggestion of the two Dinwiddie children, who had been thoroughly enjoying the sights with their grandmother, Mrs. Favier.

They were brought back to the stern realities of the present day and its problems when they discovered that father Shuey had seen, no less an exalted creature than Clark Gable, himself! The rock specimens were forgotten, the museum lost three customers in a hurry, and off they drove to Glenbrook to ttrack down the glamorous one. Now isn't this ironic—all they could find was his Cadillac convertible!

Since writing this column we have learned more things about California that we had not previously suspected. For instance, did you know that in the Mother Lode Country near Grass Valley and Nevada City there actually are the remains of what was once Timbuctoo! We always thought it was just a funny word in an often used phrase—after riding on the road we could understand what they meant when they said what they said about it—of course, now it is just one old beat-up building ingloriously called "State Monument 380."

THE DRAMATEURS are getting wound up for the Fall season and have had their initial tryouts.

The play is to be "Curious Savage" by John Patrick, so 47 aspirants appeared, and after a week of reading the final casting will be done.

We wonder how Mother liked being a Freshman.

500 Guests Enjoy Fashion Show 'Play' At Catholic Women's Club 1st Fiesta

At Orinda Crossroads Saturday noon the parade started—one long line of cars filled with smartly-dressed women bound for the Orinda Catholic Women's Club first "Fiesta of Fashions" at Saint Mary's College.

In the college's main Dining Room scores of club members rushed to complete the details involved in presentation of luncheon, entertainment and fashion show for 500 guests.

DIRECTLY FACING the entrance, dominating the room, was the Trans - World Airline ' plane," perfectly detailed even to open door, loading stairway, and two beaming stewardesses—and, below it, a long stage and runway representing an airport.

Costumed hostesses directed guests to waiting luncheon prepared with Fiesta theme in color and content, and highlighted by individual cakes topped with Spanish decor.

FATHER THOMAS SCAHILL, genial pastor of Orinda's Santa Maria Catholic Church concluded his words of welcome with introduction of the Fiesta's general chairman, Mrs. F. D. Courneen.

Mrs. Courneen brought into the spotlight Barbara Farr, young California fashion authority and TWA travel representative, who acted as commentator.

In three acts packed with color, movement, and the kind of clothing, furs, millinery, and accessories that cause even strong women to swoon, guests found themselves enjoying not only a Fashion Show but a play as well.

FIRST SCENE found the models as travelers returning from vacations in Spain, Mrs. Don Parle White leading the group in a chic brown talleur from Hill' N' Dale in Lafayette, topped with a fabulously beautiful mink coat from the Edward Bullwinkel collection of fine furs.

Before the last "traveler" had actually boarded the plane in this scene, 18 lovely ensembles had been displayed. A trio of dances had been performed and three-year-old Linda Boyen, whose solemn stroll down the ramp completely captivated the audience, had received an ovation.

SECOND SCENE focused attention upon the travelers' arrival in San Francisco, where Mesdames Joseph Sheaff, Johnny Reilly, Raleigh De Bow, Robert Boyle and Robert Raskob awaited the plane.

From it stepped Mrs. Charles Phillips, Mrs. Anthony Cianciarulo and daughter Claire, Mrs. Alex Morris, Carol Ann Rechtiene and her sister Judy, and Florita French, who carried an exquisite lace mantilla and comb donated for the occasioin by the Spanish Tourist Office in San Francisco.

FOR THE FINALE, there was the "Honeymoon Flight," in which guests from the wedding reception converged upon the airport to witness the departure of the bride and groom.

Mrs. Donald Dullum, in a black tissue-thin wool dress accentuated by a taffeta pouf upon one hip, was also the wearer of an exquisitely-simple black felt hat by a nationally-known designer, exhibited by La Rome, while small daughter Katie paced the runway in a Lad N' Lass contribution of demure black velvet trimmed in white lace.

Mrs. Norman Parker in crisp, full-skirted taffeta, and Janet Jansse, in sheath dress and jacket, drew special applause from the Young Set, while the "mothers" of the bride and groom, Mrs. Fred Conrad and Mrs. C. Roy Warren, showed the perfect party ensembles designed with the more mature woman in mind.

BUT IT WAS THE bride and groom, one-month-married Richard and Pat Ortland Boucher, who stole not only the show but the hearts of all present, with their breathless hand-in-hand dash onstage. The Bouchers entered the plane in a shower of rice and on a crescendo of melody provided by pianist Bob Bold.

Hawaiian Theme At 12-15 Club

The 12-15 Club had a delightful social meeting on Tuesday evening September 25 at the home of Mrs. Millie Hickok. Co-hosting and entertaining the members with her was Mrs. James E. Sullivan.

This was an Hawaiian night reminiscent of the travels in the Islands the two had enjoyed together this summer. In elegant silk Hawaiian gowns, they greeted the guests and threw leis around their necks, but they were surprised when wraps were removed to find the ladies all in Hawaiian or near-Hawaiian costumes, too. The results some achieved were exceedingly comical.

Hawaiian records were played as colored slides of their trip were shown, and an album of beautiful Hawaiian scenes in black and white. Refreshments, too, were Hawaiian, and featured ice cream in a pineapple "Poi." The cakes were covered with grated fresh coconut, and there were unusual nuts native to the Islands not seen in our markets.

Orinda Mills Club Keeps Mighty Busy

A Hollowe'en birthday party will be given by the Orinda Mills Club Saturday night for 10 boys at the home of Mrs. Kirk Miles.

Party giving is the Mills Club money making project. Mrs. Harry Booth and Mrs. Stuart Henderson are on the Committee for this party, which has been planned by Mrs. Booth.

The Centennial Ball last Saturday night in San Francisco's Palace Hotel was preceded by a cocktail party at the Stuart Henderson home in Orinda, for the following guests: Messrs. and Mesdames Valentine Brookes, Edward Solinsky, Frank Wright, Kirk Miles, Fred Udahl, Charles Gibbs, Harry Booth, Richard Copenhagen and Russell Gilwee.

Carola Courtright, of Orinda, a freshman student at Mills, was present at the dance.

The October business meeting will be held next Wednesday 8 p. m. at the home of Mrs. Del Fager on Orchard Road.

Mrs. Renwick was appointed publicity chairman for the roganization.

UNESCO's Goals, Activity Told To Couples' Club by Dr. Baxter

Arthur Henry, presiding, introduced the speaker, Dr. Bernice Baxter of the Oakland School Department, who has worked with the State Department and UNESCO in Washington, D. C., and abroad. Dr. Baxter told of attending the General Conference in Paris in 1949, where UNESCO's major goal was support of the U.N. Declaration of Human Rights.

It is helping educationally by sending missions to those countries needing guidance in campaigns against illiteracy. UNESCO helps graduate students carry on studies in other countries.

Dr. Baxter explained that one of its projects in science is to learn what the Valley of the Amazon's great areas can contribute in food and medicines for the benefit of mankind.

UNESCO's cultural aims, he said are to encourage men to interchange cultural ideas and achievements.

All of this is to bring about a friendlier feeling between peoples.

Dr. Baxter said that even children can help by corresponding with foreign children. The UNESCO office in the City of Paris store, San Francisco, can give names, addresses and information to schools and clubs wishing to carry on such correspondence.

After the talk, refreshments were served, and folk dancing, called by Ed Richards, was enjoyed.

The evening's program was opened by Mrs. A. C. Flenner with three violin solos—"Deep River," arranged by Kramer; "Scene de Ballet," by Beriot, and "Poem," by Fibich.

Commuters Elect Officers Next Tuesday Night

The Contra Costa County Commuters Association, representing some 500 county residents who travel regularly between their homes and the Bay Area, will hold its annual meeting and election of officers next Tuesday evening at 8 at the Veterans Memorial Building in Lafayette.

Accomplishments of the past year will be reviewed, including the association's successful campaign in connection with a threatened rate increase. Suggestions for improvement of service will be discussed, and a general program outlined for the coming year.

It is hoped that the results of a survey of bus loading which was recently completed by the Public Utilities Commission will be available for study at the meeting.

A special entertainment feature will be the showing of a technicolor movie, "A Day in the Life of a Contra Costa Commuter," which was directed and produced by Aubrey Macomber, president of the association.

The cast of this production is made up entirely of commuters, and it will depict the humorous and sometimes hilarious side of their otherwise tiresome daily travels.

A preview of this movie was shown at the Commuters Dance in Walnut Creek earlier this year, and many requests for a showing of the finished product have been received.

All county commuters, whether they ride by bus or by private car, are invited to attend this meeting.

Eight directors will be elected to the 15-member board, to replace eight whose two-year terms are expiring.

Suggested by the nominating committee are Del Armstrong, Fred Folliard and V. E. Sloan of Walnut Creek ,Joseph D. Nicolet and George C. Tonkin of Orinda, Mrs. Ruth Bell of Pleasant Hill, Dudley Thickens of Saranap and Esther Anderson of Alamo.

AFTER A MORNING behind the M-1 rifle, noon chow tastes good to these Walnut Creek trainees who enlisted with the Golden Gate-East Bay Freedom Company and are now taking basic training together at Fort Ord. Left to right above are Privates Harold D. Ott, Fred R. David and Leonard E. Nystrom.

A recently developed program for the training of journeymen carpenters will be covered by representatives of the Contra Costa Junior College District.

Jewish Sunday School Starts This Sunday

This Sunday marks the opening of the new Jewish Sunday School of Central Contra Costa County. Classes, starting at 10 a.m., will be held in Lafayette Town Hall.

The Sunday School, sponsored by the League of Jewish Women, is the first of the Jewish faith ever to be held in this area. Harold Zuckerman, fifth grade teacher in the Danville Elementary School, and Mrs. Selma Ben Yehuda, senior in the field of education at the University of California, have been selected as the teachers. Both have background of Sunday School education, training and experience.

Zuckerman will be the supervising teacher and will instruct the children in the upper grade bracket, while Mrs. Ben Yehuda, whose experience makes her particularly suitable to the younger children, will teach in that group.

A curriculum along progressive lines has been planned, and Zuckerman has stressed the importance of full participation on the part of the children in the program.

Those parents who have not as yet registered their children are invited to bring them to Lafayette Town Hall at 10 a.m. Sunday.

Adult Program Registration Still Going On

Registration in some of the courses of the Acalanes Adult program continued this week, according to George Houghton, adult program director.

Included in those courses of popular interest still open are sales and sales promotion, silk screen printing, mixed chorus, bookkeeping, interior decorating, symphony, shorthand and woodshop.

A new course in investment policies will meet Wednesdays with A. W. Anderson, investment analyst for W. R. Staats Company of San Francisco, as instructor. Sales and sales promotion techniques are reviewed Monday evenings by Ian McLaughlin.

Both courses are designed to meet the individual needs of the student.

A course in rug braiding, designed to enable students to work out suitable patterns and colors for their own homes, meets Thursday evenings under the direction of Francis Holst.

A special invitation has been extended to Girl Scout leaders to attend a new course in Community Leadership for Youth Organizations, taught by Mrs. Foster Jones.

Shorthand will be given for both beginning and advanced students. Bookkeeping will cover fundamental principles, financial reports and other basic data.

A course in adult tailoring is also getting underway, with Naomi Frisbie as instructor.

The course will include lectures and demonstrations on each step needed to complete a tailored garment. Children's coats, women's suits and coats, and men's sport jackets will be included among the work projects for the class.

HELPFUL HINTS

FROM MILTIE

Would you like to prove to that picture or mirror that won't hang straight who's boss in your house? Wrap a little adhesive tape around the center of the wire so it can't slip on the hook. If it doesn't hang from a wire, glue a couple of pieces of coarse sandpaper on the back of the bottom section of the frame with the rough side to the wall.

Now this suggestion is only useful to those of you who like your pictures hung straight. We have at home a picture of the Leaning Tower of Pisa that looks much better when it is hung crooked. The kids keep telling me that the building was made that way and turn the frame straight and then we have the awfullest fights about it. We have one picture at home of my Uncle Robert taken in his Confederate uniform. Now we like that one straight so we just hammered a nail right through one of his coat buttons into the wall. No one has noticed it yet.

Don't keep ironing over wrinkles on your ironing board cover. Just dip the cover in water, let it partly dry and put it on the board. It will shrink tight.

Goodbye Wheelchair at Therapy Center . .

Fund drive of the Mt. Diablo Therapy Center got under way this week—and to point up the meaning of the drive "to enlarge the Center so more can enter," attaches tell the following true story:

When a "miracle" happens, it should be shouted from the housetops. Though the present day news reflects feelings of trouble, uncertainty and unhappiness, to one "G.I. Joe" of this area the world looks better today than it did back in 1948.

This boy in his twenties, back from the war, married, looking with hope to the future he'd been fighting for, suddenly had no future.

Stricken with polio, completely paralyzed, his dreams and hopes vanished, believing he'd never walk again.

Fifteen months passed at Oak Knoll Hospital. He was released—in a wheelchair.

But now the road was opening. Six months ago, a public health nurse recommended him to a local doctor who prescribed treatment at the Mt. Diablo Therapy Center, the only rehabilitation center in this area.

Therapists there knew the answer. In two months of twice-weekly treatments, our boy took several steps. After five months, he walked around the room several times, aided by braces and crutches.

Can you see why now he's again looking to the future? Won't you help him and others like him?

Many more than are realized need assistance in this area. IT COULD BE YOU! Send your contribution to the Mt. Diablo Therapy Center, Walnut Creek.

New Name for Area Council Of Boy Scouts

At a recent meeting of the Executive Board of the Berkeley-Contra Costa Council, Boy Scouts of America, held at the Hotel Shattuck in Berkeley, the new council name, "The Mt. Diablo Area Council," Boy Scouts of America, was adopted.

The action took place at the recommendation of a long-term planning committee, after a study of the past several months.

The area served by the council remains the same and is comprised of the entire Contra Costa County and the cities of Berkeley and Albany in Alameda County.

The Diablo District, one of nine service areas of the council, which now has a membership of 1400 boys in Scouting, and 400 adult volunteer "scouters," serves the communities of Alamo, Canyon, Danville, Diablo, Plaesant Hill, Gregory Gardens, Lafayette, Moraga, Orinda, Walnut Creek and part of Ygnacio Valley.

Joseph Conley of Orinda is chairman of the district committee. Gordon Hawkins of Walnut Creek serves as full time scout executive in the Diablo District.

Total boy membership of what is now known as the "Mt. Diablo Area Council," with the main office in Berkeley, is 8223 in 240 units.

Judge A. F. Bray of Martinez is council president. Victor Lindblad of Berkeley is council scout executive.

Local Girls Take High Honors At Two Recent Swimming Meets

Barbara Stark and Sally Friedman of Orinda and Sally Pedder of Lafayette were among the members of the Berkeley City Club team who participated in the mid-September first annual Junior Olympic Swimming and Diving Championships at San Francisco's Fleishhacker pool.

All three are Acalanes High School students.

Barbara, 14-year-old daughter of Dr. and Mrs. R. A. Stark of 555 Manzanita Drive, swam the back stroke lap in the 150-yard relay event for girls and the team appears to have shaved one second off the world record.

She took first place in the 100-meter back stroke for girls 14 and 15 years of age, with a time of 1:21.2; first place as member of the four-girl team in the 200-meter free style relay, time: 2:26.6, and first place as member of the three-girl team in the 150-meter relay, time: 1:47.5.

Sally, 14, daughter of Mr. and Mrs. Jack Pedder, nabbed first place as member of the four-Girl 200-meter free style relay team, time 2:26.6.

The meet was sponsored by the Pacific Amateur Athletic Association of the A. A. U. The A. A. U. has received results of the meet, and is comparing them with results of similar meets held elsewhere in the nation.

These feats of the Acalanes swimmers followed the winning of high honors by Barbara and Sally over a month ago at the Southern California-Mexican meet in San Diego. The girls returned home from that meet with numerous trophies and medals.

They and others of the Berkeley City Club team were accompanied to San Diego by Coach Laurabelle Bookstover.

At the conclusion of the opening ritual, a report was given on the recent combined meeting of the Contra Costa County chapters at the home of Mrs. Bessie Drury in Walnut Creek.

Nursery School Meets Wednesday

Generally, most parents expect too much from their three and four year-olds—so very appropriate is the subject about which Evelyn Peters will speak at the first meeting of the Orinda Nursery School Association next Wednesday, 8 p.m., at Orinda Community Church.

Miss Peters' subject is "What To Expect in the Behavior and Mental Patterns of the Three and Four Year-Olds."

She is well qualified to speak to this group, as Miss Peters has a degree in Kindergarten and Nursery Education from Milwaukee State Teachers College. Later, she received her Master's degree in Child Development and Parent Education from Iowa State.

For two years Miss Peters directed the Child Development Project at the University of Illinois, and now she is head teacher of the nursery school in the Institute of Child Welfare at the University of California.

Refreshments will be served following the meeting. Mrs. Clinton DeWitt is to be hostess for the evening, with Mesdames Willard Miller, James Van Sicklin, C. W. Brock and Charles Lohse assisting her.

Young GOPers To Hear Drowley

Reports of Young Republicans' local and national activities will highlight the Central Contra Costa County Chapter meeting at 8 p.m. next Thursday at the home of Ned de Laveaga, president, on Miner Road, Orinda.

Eleanor Chilton of Orinda, who attended the Young Republican National Convention held recently in Boston, and D. D. Drowley, president of the West Contra Costa County Chapter and delegate to the Policy Conference today and tomorrow at Visalia, will appear as principal speaker.

The program will be climaxed by discussion of the local chapter's aims and outline of club activities for the coming year by Joseph Creighton, program chairman.

Officers, in addition to De Laveaga and Creighton, include Charles Gibbs, Orinda, vice-president; Mrs. Bobbie Jones, Walnut Creek, secretary; Joseph De Costa, Orinda, treasurer; Mrs. Pat Small, Orinda, membership, and Mrs. Duane Neuenschwander, public relations.

Nice Scenery

Ned de Laveaga of Orinda and his father, E. I. de Laveaga, and Gordon Steers of Lafayette went on a deer-hunting trip at Ebbetts Pass on a recent weekend.

Result? Well, they reported that they enjoyed the scenery and the climate.

Patricia Ellerd, Fred S. Bennett Married in Reno

Announcements have been mailed telling of the marriage of Patricia Ann Ellerd and Fred S. Bennett on September 18 at the Congregational Presbyterian Church in Reno, Nevada.

This popular young couple had just told friends of their engagement a few days before at an open house at the Orinda home of Freds' parents, the George S. Bennetts.

Although wedding plans were indefinite then, the pair decided not to wait until Fred completes his studies at San Jose State College.

Pat is the daughter of Mrs. Cecil B. Ellerd of Lafayette. Since her graduation from Acalanes she has attended the College of Arts and Crafts in Oakland.

Fred is also an Acalanes graduate.

The newlyweds are living in Lafayette for the present.

Seniors to Take Aptitude Tests

Acalanes seniors in Senior Problem classes will probe their vocational preferences and vocational aptitudes through two standard vocational preference tests, the Kuder Preference and the General Aptitude Test Battery.

According to William Ross, head of the Acalanes counseling department, the test will be coordinated by Senior Problems instructors and the school counseling department, with the assistance of Gardener Swenson of the county education office.

The General Aptitude Test Battery is also used by the federal government and by the U. S. and State Employment offices in helping to determine vocational preferences.

Work in vocational selection has already been given seniors in their first three years of high school. The tempo and intensity of work done in vocational selection is extended in the final senior year.

Your Garden

Fall Is Time to Plant Hardy Annuals, Perennials, Goodly Number of Bulbs

BY BERT WRIGHT

WITH THE COMING OF cooler autumn weather, gardeners in the west commence another year of digging, transplanting and staking.

Now all the hardy annuals and a long list of perennials may be planted, along with a goodly number of bulbs.

In advance of Fall planting, well rotted manure, bonemeal or some adequate plant food must be incorporated with the soil in liberal quantities. Liquid manure as a plant food cannot be surpassed and should be applied every two to three weeks while the bulbs are growing.

Careful watering with the hose must help out in the periods of drought that occur so often in the late Fall and again in the Spring.

IN GENERAL, it can be said that bulbs succeed best under a mulch. For this reason it is suggested that the beds be covered with two or three inches of organic mulching material as soon as the bulbs have been planted and watered in.

Oak leaf mold, peat moss, lawn clippings and other agricultural by-products, that are obtainable in your locality, will serve nicely. A heavy mulch will retain moisture, tend to moderate the soil temperature and will discourage weeds.

Among the most dependable winter bulbs is the polyanthus narcissus. Some of the best loved of this type are Sol D'or, Paper White and Chinese Sacred.

ROUND HARD BULBS, available now at your nursreyman or seed store, may be planted four inches deep and four inches apart in beds or borders.

As with most bulbs, water should be applied somewhat sparingly for the first week or two so that new emerging roots will not rot.

The Snowflake blooms and multiplies most satisfactorily throughout this area. The bulbs, if planted now, will produce their green-tipped, tiny white blossoms during the early Spring. Effective in large drifts or borders or as in edgings.

KING ALFRED is probably the most popular of the large trumpet daffodils. The flower of the King Alfred is a beautiful golden yellow on a long, strong stem. This group of daffodils may also be set out at this time.

Other bulbs that may be planted at this time and during the next month are Rannunculus, Anemones, Tulips, Hyacinths, Dutch Iris, Watsonias, Gladiolus and Freesias.

BEFORE PLANTING ANY bulb: at all, be sure to spade the soil as deep as possible.

This will provide excellent drainage, and in all cases is necessary for successful bulb flowering.

MRS. J. R. CHOATE of Concord would like to know if it is possible to move a two-year-old yellow jasmine vine successfully this month.

I believe that it could be moved at this time but would recommend that you wait until the rains have moistened the soil a bit.

Any time after the middle of November should be safe.

AFTER PLANT HAS BEEN moved, prune back severely.

If the vine is an evergreen, a small amount of fertilizer may be applied after it is set in its new location. Water fertilizer into ground well.

Will you be killed tomorrow? Drive very carefully.

Audiences Give Proof That 'Dirty Work,' Olio Are Howling Success

Lafayette Playshop's melodrama, "Dirty Work Afoot," and Olio opened at Lafayette Town Hall last weekend and will be presented again tomorrow night and every Saturday night in October.

Judging from the loud cheers for the hero, the boos and hissing for the villain and "wolf" calls for heroine Rosita last Saturday and Sunday nights, the production is literally a howling success. The audiences have had a barrel of fun.

Curtain time is 8:30.

"SINCE THIS IS NOT a review but only an actor's eye-view from behind the footlights, we are in no position to tell you how good we are," one member of the cast remarks.

"All we know is that the snow from the opening scene landed in the hero's nose before an important speech, Benjie lost his shoes and had to borrow a pair from Sylvester for his dance number, and at one time the curtain almost opened on Fagan shifting scenery."

A HILARIOUS MOMENT in the Saturday night performance came when the audience insisted that Adrienne Sowers open the huge florist's box she received after her "I Never Cried So Much" number.

Very tired onions, beets and other vegetables were its contents.

Come join the fun by seeing the production and meeting the cast over refreshments at intermissions and after the show.

FRUIT CAKE NOTE

To make certain the traditional fruit cake is not missing from California tables this Thanksgiving and Christmas, the Office of Price Stabilization announced that production of this holiday confection has been removed temporarily from price controls.

Tough Gauchos Bow to Tougher Dons, 20-7

The hard way is the way up which the Acalanes Dons had to come last Friday night when they met the heavily favored Gaucho eleven of El Cerrito under the lights of Acalanes Memorial Field.

But come they did as they ran and smashed their way to a stunning 20-7 upset over a bewildered green shirted eleven that had just trimmed Salinas High 19-7.

The Dons were fresh from a first game win themselves over Alhambra High, 21-7, in the season's opener.

THE VISITORS STARTED off as if they really meant business.

They began by throttling every Acalanes attempt after the opening kickoff. They took the ball on the Dons' 40 when Fullback Ray Williamson's kick was short, and they produced a touchdown in short order and without much trouble.

On the first play of the series, Nat Wills cracked the right side of the line for eight, and Maggie Dozier busted off tackle for 16.

ON THE NEXT PLAY, Left Half R. V. King cut inside end, circled wide and went all the way without a hand being laid on him to score standing up.

King then proceeded to split the uprights with a neat placekick, and it was 7-0 before the fans had hardly settled in their seats.

IT WAS AT THIS point that the Dons really came to life. From then on, it was the Blue and White's turn to howl as they took the ensuing kickoff and, led by Captain Eddie Grueb with bull-like smashes, went the final 40 yards to pay dirt in four plays.

Grueb carried half the El Cerrito team with him as he went the final six yards on an off-tackle buck.

Seconds later he took it over from the two for point number 7 on the same play.

EL CERRITO TOOK the kickoff and was forced to punt as the Don line outcharged and outfought the stunned Gauchos.

Touchdown number 2 came about when Darrell Crossman circled left end and sprinted all the way from 30 yards out to cross the goal line with four blockers in front of him, making it 13-7.

Quarterback Dick Fey made it 14-7 when he tossed a pass to End Roger Linn, who was romping all by himself in the end zone.

That's the way it stood when the half ended.

THE GAUCHOS came out fighting mad the second half, but the Dons were a bit riled up themselves and more than held their own.

They tallied for the third and final time in the early part of the fourth quarter, with Dick Fey going over the end stripe on a quarterback sneak from two yards out.

Grueb was stopped short on the conversion try, and that ended the scoring for the game, with the Dons out front, 20-7.

BUZZ WILLIAMS, ace Don guard, was outstanding in the line, as was Bob Borghesani, offensive tackle and defensive line backer, who at one point grabbed an enemy pass and rambled back 25 yards.

Richard Ting shone to advantage in his line defensive play, while Ends Roger Linn, Art Siler and John Daniels did first rate jobs to stifle Cerrito's offense.

CAPTAIN EDDIE GRUEB was easily the best back on the field. He showed power and bursts of speed in cracking the line to eat up more than his share of yardage.

Al Culp and Darrell Crossman ran well, and Crossman did another first-rate job of kicking off.

A new find was Charles Ostrom, who shone to advantage as a linebacker in his first try at the job.

THE DONS HAVE a bye this week, and enter into league play next Friday, October 12, when they meet up with the Albany Cougars in a daylight affair at the newly built Albany Stadium.

Former Don Athlete's Doing O.K. With Uncle Sam's Team and J.C.

by ERWIN MATTSON

Claude Bolender, former all-around Don athlete, is now with the Coast Guard.

Claude was not only a fine football, track and baseball performer but was a student leader as well, serving as student body president in his Senior year.

Billy Rupp, who still holds the county 50-yard dash mark and was better than good in football, is home prior to taking off for Seattle and points overseas.

Bill didn't play high school baseball, but on the basis of what he did in softball, could have been good enough to have been a pro player.

He was a terror at left half on the grid team where his quickness and driving ability produced many a yard.

He played on a team that averaged but 145, and in his Senior year they pulled the upset of the year when they outfought and outscored a Pittsburg club that held The final score read 16-12 in favor of the Dons, who led all the way.

Bill is a member of the paratroopers and has made seven jumps.

TWO OTHER ACALANES grads did O. K. for the Contra Costa Vikings when the Vikings played their football opener at the Diablo Stadium recently.

George Guppy did a bang-up job in the left end spot with better than good work on defensive play and snagging a couple of aerial thrusts for sizeable gains. George is around the 200-pound mark now and appears to be on his way.

George Cockerton, All-County guard, of 1949, was all over the field in addition to being one of the acting captains. George player guard on offense, backed up the line, kicked off and took a turn at kicking conversions.

George is in fine shape and down around 190-195. In high school he tipped the scales from 220 - 230.

Add New Players To Viking Team

The East Contra Costa Junior College Vikings have added three new players to their roster. The new men who are expected to aid the Viking offense are Tommy Lynn, a 165-pound halfback from Antioch; Joie Pearson, a 155-pound halfback from Acalanes, and Jack Rahill, a 195-pound guard from Benecia.

Dons Have 2 Wins in 2 Tries but Big Test of Attitude Coming This Month

By ERWIN MATTSON

THE ACALANES DONS have played two football games to date and have two wins under their belts.

They trimmed Alhambra High of Martinez 21-7, and thumped a pre-game favorite, El Centro, 20-7.

The El Centro win was over an eleven that rates highly in Bay Area circles, having whipped Salinas High 19-6 the week previous.

Much of the Dons' good play can be laid to the terrific spirit of the team, student body and band.

The band, under the direction of Mrs. Harisen, has taken on a new lease on life and has had a definite part in building up the spirit of the student body as a whole and the football team in particular.

The rooting section in turn has been tops, and the team has responded to its support.

The band has turned out to practices at 7:30 in the morning and has really worked hard to do its stuff.

THE BIG TEST of attitude will come during this month, when the Dons have but two games, and those both day affairs away from home.

Short, snappy workouts are planned, with emphasis on finesse and timing, mixed with enough of running to maintain physical condition.

Jim Shierry of Lafayette has donated a prize to be given each week to the outstanding player. The winner in the Alhambra game was Eddie Grueb, who played a bang-up game and personally accounted for three touchdowns.

Game number 2 found Big Bob Bergherani the winner as the result of some top all-around line play as a tackle and line backer, along with the grabbing of an enemy pass and galloping back 23 yards.

THE VIKINGS of the Contra Costa Junior College dropped a 21-0 decision to Vallejo's J. C. last Friday night.

Despite the loss, several players really stood out.

Two of them were former Dons — George Cockerton, who appears to be the inspirational leader in the line and is doing a whale of a job all around, and George Guppy, who is proving to be the equal of the best in the circuit as an end.

Both boys have developed a fine competitive attitude and should be heard from all season long, not to mention the seasons ahead.

DON FERRARESE, as a member of the armed forces in Hawaii, continues to burn up the league baseball as his southpaw hurling notches win after win, with hits scattered few and far between.

Norm Van Brocklin is having his best year as quarterback with the Los Angeles Rams—and that's going some, as he led the league in pass offense last year while dividing duties with Bob Waterfield.

Last Saturday he threw five touchdown passes and a total of better than 500 yards.

The Rams come to S. F. late in October, so if you want to see Norm in action you had better get tickets early because it promises to be a sellout.

THE GOLDEN BEARS of California evidently left an impression on the Widwest and East as a result of their crushing win over Pennsylvania, a team rated in the top 10.

The convincing win will do much to elevate the prestige of Coast football.

The Midwest and East in general have a tendency to feel that anything west of the Rockies is strictly minor league.

Rose Bowl losses, close though they were, haven't helped the situation.

AS PREDICTED EARLIER, the Bears appear to have their best yet.

One report tells of the Bears making up a play in the huddle and scoring as a result.

The play they made up was no doubt a variation of a basic play.

One of the problems in high school ball is keeping players from making plays up.

Plays require practice and must be run time and again to perfect timing and assignments.

An occasional variation is O. K. where one man's assignment is changed due to a peculiar defense, but this should lie in the province of the quarterback, who is the general, as far as offensive maneuvers are concerned.

We instruct players not to talk in the huddle unless asked to do so, and to give the Q. B. the right to send any player out who fails to follow instructions or insist on talking.

Too much talking leads to confusion and bickering, destroying team play, w ich is the essence of winning.

1st Class Monday At St. Mary's in Defense Training

The Western Training Center of the Federal Civil Defense Administration, at St. Mary's College, will welcome its first class on Monday, Dr. John R. Nichols, director, announces. The Center serves primarily the states of California, Oregon, Washington, Arizona, Nevada, Utah, Idaho, Montana, New Mexico, Colorado and Wyoming.

Trainees are being selected by the state civil defense directors and will include men and women actively engaged, or who plan to be engaged, in civil defense work. The course will cover the organization and function of civil defense, personal defense, basic atomic defense, defense against other forms of attack, fire fighting, rescue work and training methods and practices. Emphasis will be placed on demonstrations and learning by doing.

MEANING OF NOISE

If your car engine suddenly starts making a knocking noise wnen the engine is under load, as in accelerating or climbing a hill, it does not follow that carbon is the cause. A slight change in the timing will cause the same kind of noise, and the timing in many an older car will be found to be notoriously "out." The correction is as easy to make as almost any adjustment about the engine.

Diamond K Sez . . .

In recent weeks we have had many inquiries about putting in patios at this time. One of the most frequently asked questions is whether or not you should put in a patio on a new fill?

If you are contemplating a patio to be situated on new fill, the best method is to lay out your patio **NOW.** The next sttep is to level it off or set your grade and then let it just set through the winter months. This will allow the fill to settle and next spring you can go right ahead, refix the grade and finish the patio.

LAST WEEK the cement situation was good and this week it is so-so. However, there is still a fair amount for the home owner. The brick situation is very good but re-enforcing steel is very short.

We have received our first carload of coal of the year so we are now taking orders for coal deliveries, or if more convenient, stop in at the store and pick up a sack as you need it.

Presto-logs will arrive next week, so along with the firewood Diamond K is ready to solve all of your fuel problems. Remember you coal and wood is as close as your telephone.

SINCE THE RECENT rain, many people have responded to our ads on drain tile, driveway gravel and road base. Of course, they have shown good foresight and should serve to remind those of you who have been putting it off ,to start doing it now. Fix up those drainage trouble spots and driveways now.

Don't forget the Scout Fund Drive. Don't give 'til it hurts, just give — it won't hurt.

Hi-Lites on Hi-Life

By MARY THIES

"MAY I BORROW your sweater? 'll return it next period after Jane ises it!"

"Hey, lend me your white shirt!"

This was the typical conversation between Seniors last week. In case you're wondering why—it was for Senior pictures. They call them portraits, but most people have a better word for them.

Hey guys—the supply is running low. This means if you want a good one, you better hurry. What are they?—why, girls of course. There are 1.02 boys for every girl, so grab a gal why they last.

CLASS ELECTIONS were held last week.

As there can only be one person for each office, the Seniors had quite a hard time. They elected two people for almost every office. Result—many runoffs.

ONLY ONE WEEK more—that is one week before progress reports come out. Oh well—we got by for one month.

For those who don't bother reading the school paper—here's a quick run down of coming events: Oct. 12, football at Albany; Oct. 19, Frosh Frolic; Oct. 22, no school; Oct. 26, football at Crockett.

LAST FRIDAY, at the El Cerrito football game, our band marched for the first time. Mr. Hansen, the director, deserves a lot of credit for organizing it so quickly. This year we have a band to be proud of.

After many days of waiting, the new Blueprint finally came out. Within an hour all copies were sold —I guess the kids really don't mind paying a nickel if it's worth it.

This year the aRlly Committee has planned something new. There will be a queen chosen by class attendance at the football games. This may prove which class has the most school spirit.

Letters to the Editor

Dear Editor:

You and I often read of some accident or sickness that has occurred to someone who is a stranger to us and we hope that the same thing never happens to us.

On September 8 a young married fellow living in the outskirts of Los Altos was stricken with bleeding ulcers. His wife had difficulty obtaining a phone to call an ambulance, and then sweated out three hours for the ambulance to arrive.

The reason for most of the delay was that there were no street signs up in the subdivision and no house numbers on the houses.

This young man is my nephew, so this could happen to me or someone close to me.

The reason for the above illustration is that the same situation or worse could happen to hundreds of people in Contra Costa County.

I AM WORKING in Lafayette for Simpson's Interior, and I have to make several calls a day and am supposed to accomplish a full day's work for my employers, but to my dismay I find I am losing from one to three hours a day trying to find an address.

To illustrate my point, I had a call on Old Tunnel Road in Lafayette. The only clue I had was that it was near Rick's Drive-in. After spending 20 minutes looking for a street sign, I phoned the customer and found what she described was Old Tunnel Road.

To find the house then was another puzzle, because the new numbers were mixed up with old numbers and some of the residents of this road called it Old Tunnel Road and the rest called it Reliez Valley Road. I found it, though at a loss to my employer and loss of my temper.

TODAY I HAD a call on Davis Road, Lafayette. My clue was off Upper Happy Valley, and, believe me, the road I was looking for didn't make me happy.

(1) Not listed on any map; (2) no road sign; (3) no name on mail boxes; (4) no name or number on the house, after spending valuable time locating the road.

I COULD WRITE 5000 words telling of delivery men, salesmen, out-of-town visitors and others whom I meet every day losing time and patience trying to locate a street or a number, and with the latest maps I cannot help them.

It is up to residents of this county to air a complaint to the proper authority of the county to see to it that proper road signs are installed immediately.

Also every resident should place a correct name and number on the mail box or house and paint over the old number that was obsolete two years ago.

Remember we are living in a democracy and we don't like to be dictated to, but remember, if you don't have the road signs up and a name and number in plain sight "it could happen to you."

FRANKLIN T. PECK

Dear Editor:

The space you gave in the SUN to the Girl Scout and Boy Scout finance Drive is deeply appreciated by the entire committee and will also be greatly appreciated by the girls and boys in the Diablo area who benefit by the scouting program.

Through your cooperation in our efforts in behalf of the youth of our community, you have certainly demonstrated a full cognizance of the importance of the scout program and its value in the building of sound youngsters—youngsters who will some day have the responsibility of carrying on in the American tradition and who, through their scout training, will in time to come take over where the present generation leaves off, and do a better job than they could possibly do without this scout training.

Publicity in the papers of our community plays a very important part in the success of the scout program; without this publicity, whether it pertains to fund raising or program or any other phose of scouting our job would be much more difficult.

You and your editorial staff are certainly to be congratulated for assuming your full responsibility on behalf of the youth of America. Your paper is a credit to our community.

Very truly yours,
H. WILLIAM WERNER,
